MTS TRACKING

Easy Scan Lead Retrieval System

Fax 847-628-0155

Booth # _____

Please only complete the following if you paid for the Customized Barcode Qualifiers.

(When completed, fax with your order - Please print clearly!)

MTS Tracking includes the ability to quickly qualify your leads in your package. After scanning the attendee, scan any or all of the 20 standard barcode qualifiers that apply to the attendee. If more details need to be noted, scan the barcode on the bottom of the page of your compatible notebook to electronically track the appropriate page for the attendee. The page number will then be included in your electronic file, so you can quickly locate your hand written note.

Otherwise, purchase the Customized Barcode Qualifiers option on the order form and modify the 20 standard barcodes. Standard Barcode Qualifiers that are not customized will be populated with the standard defaults shown. Unless you want to leave a particular qualifier empty, then cross out the default and leave the customized spot empty.

Customized Barcode Qualifiers (If you paid for this service, please modify the 20 standard barcodes to your practices here.)

Standard

Table with 4 columns: Barcode Reference Number for Ordering Only*, Standard, change to, Barcode Reference Number for Ordering Only*. Rows 1-20 with various categories like Hot Lead, Just Looking, Decision Maker, etc.

RENTAL AGREEMENT

As with any technology and equipment, the Easy Scan Lead Retrieval System must be handled properly and used as directed in order to achieve desired results. By proper use, the equipment will be able to obtain and record barcoded information provided by the attendees to registration and any qualifying barcodes scanned after each attendee. Improper use or care can result in the equipment's failure to scan and record desired information. Your payment acknowledges and agrees that the liability of MTS Tracking, Inc. for any equipment failure to record and obtain barcoded information, for whatever reason, is limited to the return of the rental cost. Your company hereby

waives all other rights and remedies for which you may have against MTS Tracking if the equipment does not scan and record all barcoded information that your staff attempts to obtain by scanning. The Easy Scan Lead Retrieval System is being rented from MTS Tracking, Inc. If the equipment is lost or damaged under the care of your staff, MTS Tracking, Inc. reserves the right to access damages and bill your company for the repair or replacement expense.

MTS Tracking

Unlike most providers, MTS Tracking offers a robust lead retrieval system for a low affordable price. This package includes:

- Easy to use scanner
- Ability to scan barcode qualifiers
- Compatible notebook for hand written notes
- FREE electronic copy of leads collected

Capture your sales lead with the push of a button. Simply aim the scanner at the unique attendee barcode on the attendee's badge, press the button and you have collected the contact information.

SCAN

MTS Tracking includes the ability to qualify your leads in your package. After scanning the attendee, you can quickly scan any or all of the 20 standard qualifiers that apply to the attendee. Otherwise, you can purchase custom qualifier barcodes that enable you to modify the 20 standard barcodes and create 20 new qualifiers.

QUALIFY

Certain attendees will require even more details to be noted for an effective follow up. Fortunately, your lead retrieval system comes with a compatible notebook. Scan the barcode on the bottom of the page to electronically track the appropriate page for the attendee. The page number will be included in the electronic file so you can quickly locate your notes.

NOTES

Your *FREE* electronic copy will allow you to effectively share the information amongst your colleagues in a timely manner. This file will reduce administrative costs, reduce errors and allow you to quickly import data into your contact database. Plus, decrease the amount of time it takes to send out product info to your leads.
